

2017 Spring Recital Picture Schedule

Valley Images Photography will take your class pictures at the DanceWorks Studio on Saturday April 8th. (Please be sure to check the following schedule for your class or classes.) All students should arrive in costume with tasteful makeup, no sooner than 10 minutes prior to their scheduled picture time. Hair should be secured away from the face in a bun; short hair should be neat and styled away from the face. Combo classes should wear their tap shoes.

Please be advised that we ALWAYS RUN ON SCHEDULE! If you are late, you will not have your picture taken with your class, however, you may still have an individual picture taken. Please have the pre-printed order envelope which you will receive in class one week prior to pictures, filled out before arriving at the studio.

All checks should be made payable to Valley Images Photography. If you would like to have a sibling or friendship picture taken, just tell the photographer when you check in.
